EDUCATION

Simon Fraser University

Bachelor of Science in Interactive Arts and Technology

Surrey, BC

September 2023 - Present

SKILLS

UX/UI: User Research, Usability Testing, A/B testing, Wireframing, Prototyping, Interaction Design

Design Tools: Figma, Illustrator, Photoshop, InDesign, After Effects, CAD

Programming: React, Node.js, HTML and CSS, JavaScript, Processing, Python, Java

WORK EXPERIENCE

Learning Analytics Laboratory, Simon Fraser University

Research Assistant

Surrey, BC

May 2026 - Present

- Collaborated with researchers to develop and refine an experiment investigating how performance feedback influences student emotions, self-perception, and performance
- Translated the research team's experimental design into a participant-facing web application by implementing interactive tasks, feedback screens, questionnaires, and data collection

Ten Ren Tea

Barista

Markham, ON

September 2022 - July 2023

- Managed high-volume orders during peak hours without compromising service quality
- Boosted retail sales by upselling and recommending packaged tea products tailored to customer needs

PROJECTS

Olá! Cafe & Acai Loyalty Experience Redesign

UX Researcher and Designer

New Westminster, BC

September 2025 - November 2025

- Conducted staff interviews, customer interviews, and site observations to identify barriers to discovering the café's Brazilian menu and existing phone number-based loyalty program
- Synthesized research findings into journey maps and design opportunities that guided the development of a gamified QR-based loyalty experience to increase customer awareness and repeat visits

PlantSnapper Augmented Reality Biodiversity Guide

February 2025 - April 2025

- Developed a mobile AR app that enables hands-free, real-time plant identification for outdoor exploration
- Conducted user research, heuristic evaluations, and usability testing to identify usability issues and refine hands-free interactions

EXTRACURRICULARS

SFU Spark Jam Design Hackathon

Apple Wallet Memory | Product Designer

Burnaby, BC

May 2026 (5 days)

- Designed a creation-centric Apple Wallet concept that preserves the stories behind peer-to-peer payments through personalized digital keepsakes and memory archives

SFU Storm Forge Program Participant

Product Designer and Full-Stack Developer

Burnaby, BC

January 2026 - April 2026

- Conducted user research to define product features and developed a Flutter app for event discovery and hosting

Emily Carr FLUI Design Hackathon

WeGouda | UX Researcher and Interaction Designer

Vancouver, BC

February 2026 (3 days)

- Addressed customer confusion by centralizing scattered inquiry forms and redesigning WeGouda's website to better communicate its catering services and booking experience
